Easter Style Displays Now At Their Best

EASTER will be here almost before you realize it, and there is so much to be done and so little time for preparation. The great helpfulness of this Store at this season cannot be over-estimated. The various Easter style displays are magnificent, superb, reflecting the largest east in cities in their latest and happiest vein. There is a profession of style elegance in Spring suits, Costumes, Waists, Skirts Coats, that is not expected outside of style centres of national importance. In this Star Store eastern styles now reign supreme.

WOMEN'S STYLISH SKIRTS FOR EAS- TER NOW ON DIS- PLAY

Today we send word broadcast to the women of Wetaskiwin of a special display of skirts. And where is there a store anywhere better prepared or better able to make a display of this character than this? Where is there a store, search the province if you like, where you can find as many different and distinctive styles in skirts than that's not all though many styles are everything. The style supremacy, adding the supremacy of unmatchable values.

Vicuna Cloth, Venetian Cloth, Boncloth, Panama Cloth, Chiffon, Panama, Lustre, Volles, Cream, Ser- ges, Tweeds, Vannas, Tweeds, Taffeta, Silks, \$2.50, 3.00, 4.00, 10.00, to \$15.50.

THE NEW SPRING COATS, COME TO US, AND TO YOU WITH A SAVING.

And all through the foresightedness of our buyer who buys this class of goods. In conjunction with the general advance of commodities, the quality of cravettes, which is used in making these raincoats, went up, but not before our orders were placed. Not hard to figure out a saving.

THE STAR STORE

TO ADVERTISE THE CITY AND THE DISTRICT

At the meeting of the council of Board of Trade on Tuesday afternoon it was decided to take a space at the Dominion Fair which will be held in Calgary from July 1st to July 31st for the purpose of exhibiting the various products of the Wetaskiwin district.

This action of the part of the Board is to be commended, and should receive the hearty and unanimous support of every person in the city and community. There will be thousands of persons from all over the American continent, passing this fair, to see what the Canadian West can produce. The Wetaskiwin district should be given due prominence. All the important centres in Alberta are receiving spaces, and it therefore behooves Wetaskiwin to be in the van. The products and capabilities of the Wetaskiwin district cannot be surpassed and this fact must be demonstrated at Calgary.

In order to show every citizen of the district the support and interest of the Board of Trade, the Board of Trade has been selected. It is in his power to collect, if you know where anything of value is an exhibit can be secured, it is your duty to notify the Board of Trade, thereby do your part in this important work. Now it is time to think and act before spring work comes on and the representatives of the district and other officials of the district from Wetaskiwin will be available and representative.

The Board of Trade has appointed the citizens to go and make this exhibit the best we can collect, and if this is accomplished we need have no fear of the competition we must act promptly and wisely.

BOARD OF TRADE MEETING

A special meeting of the council of the Board of Trade was held at the council chamber on Tuesday evening.

Mr. W. P. French, Mayor, presided. Mr. Miller, Compton, French, Todd and Ellis.

After the correspondence was taken it was moved by Miller-Ellis-That the secretary write the City Clerk and thank him for his communication from the city council for the use of the council chambers for the meetings of the Board of Trade.

The secretary was instructed to write Mr. C. N. Niblock, superintendent of the C. P. R., stating that the citizens would use their moral support and do what they could to help the approach of the new station in as good condition as possible and to ask Mr. Niblock when he would be here to talk over the matter of improvements and putting in of a garden in connection with the station.

Moved by French-Todd-That the secretary write the Deputy Minister of the Interior and send a copy to the member, pointing out the urgency to have the survey in the vicinity of Buck Lake made and that in the opinion of the Board, townships 45, 46 and 47, ranges 14 and 15, should be surveyed and especially townships 44, 45, 46, ranges 4, 5, and 6.

Moved by Miller-French-That the President, Vice-President, with Mr. Fowler, be a committee to meet Mr. Rosendorff, M. P., on the arrival of the train from the east on when Mrs. A. O. Anderson, daughter of Mr. and Mrs. Ole Olson, passed to the great beyond at the age of 23 years. She leaves a sorrowing husband and child three weeks old. The remains left on Monday morning's train for her old home in Minnesota, for interment, accompanied by her husband. A number of the friends were at the depot to pay their last respects to the departed. The Times joins in extending the deepest sympathy to the bereaved family.

An auction sale of the machinery and fixtures of the Long & Co. Limited factory will be held on Saturday forenoon of this week at 11 o'clock, at the factory, Stanley St. Mr. and Mrs. R. Vanderburg, of Strome, were visiting friends in the city on Sunday.

A new loan company has been organized in Edmonton with a capital of half a million dollars. The company is known as "The Edmonton Mortgage Corporation Limited."

An exchange says: "Twenty-six cars of produce, grain, hay, and meat were shipped from Wetaskiwin during the month of February, and the retail merchants are doing better with the reaction of the market, and looking forward to a still greater increase in the spring business."

CITY NEWS

FOSTER'S WEATHER FORECAST

Washington, Mar. 21. My last bulletin gave forecasts of the disturbances to cross the continent 15 to 23; warm wave 16 to 22, cool wave 21 to 25. Next disturbance will reach the Pacific slope by close of 25, great central valleys 26, eastern states 26, warm wave will cross the Pacific slope about 24, great central valleys 25, eastern states 25. Cool wave will cross the Pacific slope about 27, great central valleys 27, eastern states 27.

During the passage of this disturbance across the continent from the Rocky Mountains to the Atlantic coast, the weather will be as follows:

This disturbance will follow a northern cold wave and from about four days before the low reaches you to about four days after it passes you a great rise in temperature may be expected. For instance 50 the greatest rise will occur from 25 to 31; earlier west of that line, later east of it. It will come a great fall in temperature accompanied rain south and snow in the far north. This cold wave will be particularly severe in Maryland, District of Columbia, and the middle Atlantic States where tender plants are liable to damage.

I am expecting April to be a warm sluggish month in all of the United States, south of parallel 40 and in Mexico. Not so warm in Canada, Montana, Oregon and Washington. The weather in April will be unimportant as to storms, not enough danger in it to awaken the sleepers. But it will be an ideal month for the farmer, rough gardener and ice man. After the rough weather of March, April in nature appears to have planned a rest for man and a paradise for vegetable world. This condition however will not continue throughout the season.

SPRING FEVER

Oh, spring is here again with the warm yellow sun,
I can hear the birds a-singing in the dell.
(And the spring house cleans is a waitin' to be done
And I ain't a-feelin' extra well.)
The crows and tulips have come out so bold;
The buds are bursting on the maple tree.
(There are cob webs in the top-mast and ashes in the hold,
And I know that work ain't good for me.)
When everything is wearing such a bright and springy look,
And all the birds and flowers seem so glad,
(And all the rugs and curtains are waitin' to be shook.)
Oh, I wonder why I feel so bad!

MARRIED

ORIONTON-FAIRBARN: At the Manas, Wetaskiwin, on the 26th inst., by Rev. J. B. Hogg, William Orionton, of Kahn, to Miss Mary T. Fairbairn, of Scotland.

HIS FAVORITE PARABLE

A country clergyman on his round of visits interviewed a youngster as to his acquaintance with Bible stories.

"My lad," he said, "you have of course, heard the parable?"

"Yes, sir," shyly answered the boy, whose mother had instructed him in sacred history. "Yes, sir."

"Good!" said the clergyman. "Now when do you do the best of all?"

"Parable answered, yes, at last, when his mother's words are fulfilled. I guess I like the one about some body lost and taken."

CONSTIPATION.
Although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver. It consists of an inability to regularly evacuate the bowels, and as a regular action of the bowels is absolutely essential to general health, the least irregularity should never be neglected.

MILBURN'S LAXA-LIVER PILLS
have no equal for relieving and curing Constipation, Biliousness, Water Brash, Heartburn, and all Liver Troubles.

Mr. A. B. Hetta, Vancouver, B.C., writes:—For some years past I was troubled with chronic constipation and bilious headaches. I tried nearly everything, but only got temporary relief. A friend induced me to try Laxa-Liver Pills, and they cured me completely.

SAVE THE CHILDREN

Insure Them Good Health.

Ninety per cent of children under twelve years of age are being poisoned and parents don't realize it.

Intestinal worms are the chief cause. You parents, know that your bowels should move every day. You know you must be as regular as clock-work or the blood will become tainted.

Don't you realize that the children must be free from getting rid of the waste matter of their system?

Then, if you find that any of the little ones go two or three days without action of the bowels, don't run to doctor, oil, sugar tea, calomel, castor oil, or harsh "liver pills." These simply purge the child—strain the bowels.

"Fruit-a-lives" are the ideal medicine for children. They are fruit juice and tonic in the form of a pleasant tasting tablet. "Fruit-a-lives" stimulate the liver, causing more bile to flow. It is the bile, given up by the liver, which moves the bowels. "Fruit-a-lives" regulate the liver and bowels, and thus completely cure constipation. They sweeten the stomach, and are the finest tonic in the world to build up the system and make children plump and rosy.

Get a box—just for \$1.50. Sent on receipt of price if your dealer does not handle them. "Fruit-a-lives" Limited, Ottawa, Ont.

An Offer which meets the special Wants of all classes of readers

The Western Canadian reading public is made up chiefly of these classes: Persons who have lived in the west for a long period and are out of Westerners, and recent arrivals from the Old Country, United States and Eastern Canada.

Perhaps no one newspaper could cater with complete satisfaction to all these classes, but by this special combination offer every special need is met.

The Weekly Free Press and Prairie Farmer give a complete record week by week of all happenings in the Western Provinces. In addition it has special departments for American and British readers. The Family Herald and Weekly Star supplies the former residents of Eastern Canada with the news of the Eastern portion of the Dominion, including news, and The Wetaskiwin Times provides the local Western news, which you cannot do without.

"THE WETASKIWIN TIMES"

Find enclosed \$2.00, with which send me Weekly Free Press and Prairie Farmer, Winnipeg; Family Herald; and Weekly Star, Montreal; and Wetaskiwin Times for your own city.

Lacombe Methodist church is said to have broken all records in the province for missionary contributions, in proportion to its membership. Their subscriptions for this year amount to nearly \$500.00.

The regular meeting of the City Council was held on Tuesday evening March 24th, 1908, at 8 o'clock.
All present except Ald. Anderson.
Minutes of last meeting read and adopted.
Correspondence in and out read.

A petition was read signed by all the retail butchers in town requesting that the council take action, pass a bylaw, and class farmers who are delivering meat to consumers in town as hawkers and peddlars.
It was moved by Chandler-Kelley—that the petition be referred to the police and relief committee to confer with the solicitor on the matter and report at a later date.—Carried.

A letter was read from the Ontario Wind Engine and Pump Co., re deposit cheque. It was moved by Kelley-Chandler—that the cheque be returned without delay and that when work again commences that a cheque for \$1000 be forwarded to the city as a guarantee that the work will be properly and satisfactorily performed.—Carried.

A letter was read from the Canadian Westinghouse Co., re account, but was held over until next meeting for action.

A letter was read from Mr. Phillips of Winnipeg, re well drilling. It was moved by O'Brien-Chandler—that the letter be answered stating that his services are not required at present. Carried.

A letter was read from the Imperial Oil Co., wanting to know what their assessment on stock was as they had never received a notice of assessment.
It was decided to withhold the statement of the electric light for 1907 over until it was audited before having it presented to the public.

Ald. O'Brien brought up the question of purchasing a team for the hauling of the fire engine, and it was moved that the fire, water and light committee consider the advisability of purchasing a team and report at the next convenience. This was seconded by Ald. Kelley, and carried unanimously.

Accounts amounting to \$249.15 were passed for payment.
Ald. Chandler brought up the matter of remuneration for the fire brigade. This was discussed at length but no definite action was taken.
Meeting adjourned.

GOVERNMENT RESOLUTIONS

The C. P. R. employees, in connection recently at Calgary, passed the following resolution: "Resolved That it is the sense of this convention that the use of intoxicating liquor by men engaged in the performance of their daily duties as servants of the railway company should be discouraged in every instance, and that the safety of the travelling public, the preservation of property entrusted to railway employees, and the general interest of the company and employees are best secured by total abstinence at all times."

MAKES THE ROOM BRIGHTER, MORE CHEERFUL.
Alabastine radiates light. Instead of absorbing all the light that falls upon it, as do wall paper or fabric materials, the myriads of Gypsum rock particles, of which Alabastine is made, reflect the rays of light—make the room a great deal brighter, more cheerful. Alabastine is more beautiful, too. Free from decomposing matter. Contains no arsenic or other injurious substance. Will not rub off, peel or crack. Handsome book, "Home, Health and Beauty," tells of the advantages of Alabastine over all other wall coverings, and gives valuable pointers on interior decoration. Former price, 10c. Mailed to you free on receipt of 5c.
Alabastine is sold by hardware and paint dealers everywhere—a 5-pound package for 50 cents. Ask your dealer for this card. Never sold in bulk.

SANITARIUM IN ALBERTA

Ottawa, March 21.—Sir Wilfrid Laurier and Hon. Mr. Fisher this afternoon received a delegation from the Canadian Society for the prevention of tuberculosis, members of which urged that the various branches of the agricultural, immigration and inland revenue departments which dealt with the public health be re-organized and placed under one head. Dr. Laflerty, of Calgary, who was the chief spokesman for the delegation, made a plea for establishment in Alberta of a Dominion Sanatorium. Owing to the climatic conditions he said, consumptives from all over Canada go to that province in large numbers and it was unfair to expect provincial institutions to look after them all. The Premier promised that both requests would receive the serious consideration of the government.

SEIZED A C. N. R. ENGINE FOR DEBT

Edmonton, March, 20.—One of the most unique seizures ever made by a sheriff in the west where the initiative is usual, was made last week by some of Robertson's assistants. Acting under his instructions, execution was served upon a passenger engine of the C. N. R., and for two days the big engine was tied up in the C. N. R. yards at the depot here. It was an unpaid claim of \$1,400 that caused the seizure of the important piece of railway property, and for from stemming its way on to Batford. The claim arose from a case brought by Mrs. Archibald McDonald, of St. Albert, to recover \$5,000 damages from the C. N. R. for injuries received on a C. N. R. train at St. Albert, in July 1907.

Mr. Justice Harvey gave judgment for \$1,400 in favor of the plaintiff and a certain period was given the company in which to pay the claim. The head office was notified at Winnipeg, but no payment being received by Mrs. McDonald, appeared before the expiration of the time limited for payment the sheriff was instructed to put the machinery of the law in motion. This was done, and the simple serving of a notice of seizure tied up the imposing engine from March 7th to March 10th, when the company's solicitors paid the claim in full.

The money had merely been delayed they claimed, and the engine was freed to proceed where it would.

ADVERTISING

The average merchant usually gives advertising too much or too little credit. If the store management and service are bad—if the stock is poor and the sales force inefficient and discourteous, he is likely to have a poor opinion of the efficacy of advertising, for a store of that sort.

On the other hand the merchant who has a fine store, with a good stock of merchandise and excellent service is apt to think that it is not necessary to advertise. He thinks he can get along without it on the presumption that the store will advertise itself. That's where he is wrong. The better the store is, the more the fact should be advertised.

FREE SCHOOL READERS

In another month a consignment of between 60,000 and 70,000 public school readers for part I and II, standard I, and standard II, III, and IV, will reach this city. The readers are shipped by the publishers, Morang & Co., of Toronto, and are being sent to the department of education of the Alberta government for distribution among the pupils in the public schools of the province. A sufficient supply has been ordered to last two years.

One feature of the introduction of these readers into the public schools of the province is that they will be distributed free of charge among the pupils. This is done partly as a policy of the government to assist every child obtaining as far as possible a good public school education in the Windsor Hotel.

This plan of distributing public school text books free of charge is one that is being gradually adopted in most of the provinces of the Dominion. In Alberta it is still in the nature of an experiment, but should it prove satisfactory, as it is believed it will, it will doubtless be applied to other text books in use in our public schools.—Bulletin.

BEWARE THE WHITE PLAGUE

I never pass through a city in Canada in the early morning, after leaving a railway station during the winter without counting the number of open windows that I see, and pass through street after street apparently without a crack or a cranny through which the fresh air from outside can penetrate the house and I reflect upon the way in which the poor people, out of sheer ignorance, are manufacturing consumption by preventing the blessed air from Heaven from coming in and saving them from becoming victims of that plague.—Earl Grey.

SALT IN ALBERTA FOR THE WORLD

The largest salt bed in the world has been found near Fort Murray, Northern Alberta. Prospector were boring for oil when they came on a bed of salt two hundred feet in depth. Three hundred miles away other borings were made and they found salt. It is the same bed. This was the statement of Mr. W. R. Birdwood, who is on his way to interview British capitalists. The land is unsettled and Mr. Birdwood says if the proposed railway from Hudson Bay to the Pacific is built, Canada can supply the world with salt.

Remember that when the stomach nerves fail or weaken dyspepsia or indigestion must always follow. But strengthen these same weak nerves with Dr. Shoop's Restorative, and then see how quickly health will return again. Weak heart and kidney nerves can also be strengthened with the Restorative, when heart palpitation, or kidney weakness is found. Don't drug the stomach, nor stimulate the heart or kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak nerves with Dr. Shoop's Restorative and get well. A simple single test will tell.

THE SEED GRAIN

There was a big fuss made a few weeks ago about the purchasing of seed grain for the farmers of Central and Western Canada. When the matter was put to the test it was found that there was not nearly so much demand for seed as the authorities expected. After publicity had been given to the fact that an agent had been appointed to buy the required seed, scores of districts protested against the way the affair was mooted, assuring the public that they had plenty of A. 1. wheat for seeding purposes. It is becoming now more clear that the shortage in Western Canada has been greatly overestimated. The warehouse commission has already announced that no further steps will be taken to bring in seed wheat from the east, and from reports received from various representative western points it is evident that the country as a whole was well able to look after its seed requirements. The deficiency in some districts is capable of being supplied from other districts—Commercial.

THE ALBERT MEDAL

His Majesty the King has been pleased to institute a medal to be called the Albert Medal for courage in saving or attempting to save life at sea. The Albert Medal of the second class shall be of bronze. It is ordained that either of the medals referred to may also be conferred for gallantry in saving life on land. It is further ordained that the Albert Medal of the first class shall be confined to cases of extreme and heroic daring and that the Albert Medal of the second class shall be given in cases which though falling within the cases contemplated by this warrant, are not sufficiently distinguished to deserve the Albert Medal of the first class. A copy of His Majesty's warrant instituting the medals referred to is on file in the office of the Hon. the Provincial Secretary. Here it may be inspected on any week day during office hours—Edmonton.

On Sunday morning of last week the residence and part of the household effects of A. T. Womack, a police constable of Rossmore, was destroyed by fire. A defective chimney was supposed to have caused the fire. By vigorous efforts on the part of the family and Rev. Genks, most of the household goods were removed. Great sympathy is extended to the losers of their comfortable home.

Medicine Hat has voted \$10,000 for the erection of a market building. The example is one that should be speedily followed in Wetaskiwin. Till they secure such a building the people of this city will not be able to realize the direct advantages of being situated in one of the best mixed farming districts in the west, nor those of the country, that of having a large urban community in close proximity to their farms.
